STATUS

City Status

City Status represents how important you are in the domain.

You should be polite to Kindred who have more, and you can look down on Kindred who have less.

Court Positions have powers to give and take Status, which represents your conduct in their eyes. Get them on your side.

You can either perform good deeds, or trade status for favours (quid pro quo).

Having a Position, gives you bonus status while you have it.

Deeds that Get Status

5 dots: Greatly expand the city's power or reputation; assume a major leadership role

4 dots: Advance the city's interests; eliminate a threat

3 dots: Fulfil the city objectives; provide exceptional service

2 dots: Consistently support praxis

1 dot: Attend gatherings without causing disruption

Court Positions

Head of State (+3 Status)

(Prince, Archbishop, Oracle, Premier)

Can give or take City Status (up to their own City Status).

Primogen (+2 Status)

Can give or take City Status once per session.

Socialite (+1 Status)

(Harpy, Tribune, Penitent, Jester, Fool)

Can give or take City Status (up to their own City Status).

Territory

Claiming Territory

Make A Challenge

Must be City Status 2+.
Must be seconded by one City Status 2+.

The District is put up for bid by the Head of State.

The challenge is public.

Blind Bid

This happens across the game.

Add Influence tokens to a box.

Get other Kindred to support your bid with their Influence.

Wheel and deal for support.

Resolution

Last call 30 minutes before game end

Before the tallies are revealed, the Ruler can move some tokens (up to their City Status)

Ruler tallies all bids publicly. Regent gets +3, District Ambience affects tally.

Outcome

Highest bid wins Regency.

Defender wins ties.

Sources of Influence
